Dr. Saccente's office will file any insurance with which we have a contract. Please present your insurance card at each appointment prior to seeing the Provider. If you have changes to your health care coverage, please notify our office prior to being seen by the Provider.

Your insurance policy is a contract between you and your insurance company. Dr. Saccente is not a party to that contract. Please understand that any claim delays or denials will become your responsibility if not collected by your insurance carrier. Certain fees and services will not be covered by insurance and are your responsibility. These fees/services include, but are not limited to, co-payments, deductibles, non-covered services, and collection fees. If any such services are incurred, they are due at the time of service. Patients seen "out of network" are responsible for fees not covered by insurance. As a courtesy to our patients we will bill to Secondary Insurance Plans.

If you have questions about your insurance coverage, please contact your insurance plan directly. Insurance plans change frequently and often without notifying medical providers of changes. We recommend confirming directly with your insurance plan that Dr. Saccente is on par with your insurance.
